ESTRELLAS

"Has creado una historia de amor en el corazón de cada uno de tus músicos en una época donde más que nunca se necesita.
 Tu fuerza ha sido más poderosa que la sociedad, los visados, las normas pandémicas, el código cultural...
 Has conseguido ser libre en un mundo que no quiere que seamos libres.
 Y con esta historia engrandecerás el amor en las almas de los demás. Recuérdalo siempre..."

GUTS. ESTRELLAS.

"You have grown a love story in the hearts of all your musicians in a time when we needed it more than ever.
Your strength was stronger than the continuous conditioning of society: visas, pandemic rules, cultural codes...
You became free in a world that doesn't want us to be free.
And this story will make love grow in the souls of others. Always remember this..."

Even if already recorded a song Guts chose to make a second choice this time around to record a new one. Double bassist David Lazarus, who initially recorded the song "After All" - four rappers on the mic on this slot in well to fill the gap in the studio. Guts chose to make the best of both worlds by recording a different track. Guts wanted a track evolving the contours of the Cuban beat and rap. The mix is clear and energetic. So, when it came to the final mix, Guts chose to make the small dose of pressure required to make the vocalists fit in with each other. This is what makes this project so special and unique. The mix is full of energy and movement. Double bassist David Lazarus has made his mark in the industry and his music is always full of life and passion.
